DETAILED ACTION

Reissue Applications

1. Applicant is reminded of the continuing obligation under 37 CFR 1.178(b), to timely apprise the Office of any prior or concurrent proceeding in which Patent No. 5,914,763 is or was involved. These proceedings would include interferences, reissues, reexaminations, and litigation.

Applicant is further reminded of the continuing obligation under 37 CFR 1.56, to timely apprise the Office of any information which is material to patentability of the claims under consideration in this reissue application.

These obligations rest with each individual associated with the filing and prosecution of this application for reissue. See also MPEP §§ 1404, 1442.01 and 1442.04.

Declaration

2. The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414.

Further, the declaration is defective because it does not refer to the Japanese foreign applications claimed under 35 USC 119.

Drawing

3. Any change to the patent drawings must be submitted as a sketch on a separate paper showing the proposed changes in red for approval by the examiner. Upon approval by the examiner, new drawings in compliance with §1.84 including the approved changes must be filed. Amended figures must be identified as "Amended," and any added figure must be identified as "New". In the event that a figure is canceled, the figure must be surrounded by brackets and identified as "canceled".

Accordingly, the newly submitted drawing figure 30 does not comply with 37 CFR 1.173 and should properly be labeled as "Fig. 30 NEW". See MPEP 1413.

4. **Claims 1-37 and 47-61 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.**

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
